

Volunteering at Walk-In Counseling Center

ABOUT US

Walk-In Counseling Center was founded by a group of psychologists in 1969, in response to the unmet need for accessible mental health services in the Twin Cities. For the past 49+ years we have provided free mental health and crisis counseling to help thousands of people address issues of depression, anxiety, chemical abuse/dependency, trauma, domestic violence and a variety of other emotional and interpersonal concerns.

Our mission is to provide, free, anonymous, easily accessible mental health counseling to people with urgent needs and few service options. Our overarching goal is to help people stabilize during a time of crisis and move towards resolving problems before they become severe. In 2017, approximately 165 volunteer mental health professionals provided 18,000 service hours valued at \$1,115,000. The contribution of our volunteers to the community since 1969 is estimated at more than \$25 million.

We are, to our knowledge, the only mental health service in the world staffed by volunteer clinicians.

ABOUT VOLUNTEERING

We rely on the expertise and generosity of our **140+ volunteer counselors and team consultants** to deliver high quality counseling to people with urgent needs; **25+ volunteer clinic receptionists** to coordinate during clinic hours, and administrative assistants who support Walk-In during non-clinic hours. Walk-In volunteers bring passion, compassion, and dedication to their work with clients.

At our primary site in Minneapolis, volunteers work in teams of six: four counselors, a team consultant and a clinic receptionist. Off-site locations in St. Paul are staff by teams of three to four.

Some volunteers commit to a weekly schedule. Others work certain hours each month and some are substitutes. Although Walk-In emphasizes the importance of continuity in the volunteer force, different commitment options are available. **Clinic volunteers' schedules must permit a commitment to a regular (weekly or bi-weekly) evening or afternoon shift for at least 8 months.**
